

**Saxon (Pasco County)
Florida LAKEWATCH Bathymetric Map**

Florida LAKEWATCH personnel created this map using differentially corrected global positioning equipment (GPS). Data were collected August 8, 2000. Scale and map contours are in feet and were generated using kriging technique in Surfer® software package (Golden CO). On this date, the lake surface area was calculated at 68 acres (28 hectares). This is only an approximate bathymetric map and should not be used for navigation.¹

¹Map revised with new gridding procedures 2/10/05.
